Il Sistema Storia offre quattro elementi: contenitori, pensili verticali, pensili orizzontali, mensole. Tutti possono vivere singolarmente o comporsi con gli altri per un'unica soluzione d'arredo, secondo il gusto o le esigenze di spazio che, grazie alla libertà compositiva, viene sfruttato al massimo secondo schemi orizzontali o verticali.

Storia System offers four elements: containers, vertical suspended wall units, horizontal suspended wall units, shelves. Each of them can be chosen by itself or can be matched to the others to obtain a single furnishing solution according to your taste or to the space available which, thanks to the compositional freedom, is exploited at best by following horizontal or vertical schemes.
